The Company Officer Assessment Center Help Workshop or C.O.A.C.H. is designed to prepare candidates for the daunting task of taking a Captain's Exam.

We will walk you through what the testing process usually consists of and what you can do to better your chances.

Workshop Presentations and Test Simulations will include Resume Building, Employee Counseling Sessions, Oral Interview Panels, Incident Simulations, Teaching Demos and the In-Box Exercise.

This program also includes one individual session set up like a mock test. The candidates will receive both oral and written feedback from Training Officers and Chief Officers that have been involved in creating and administering these exams.
