

RED HELMET  
TRAINING

# DRIVEN TO BE AN ENGINEER APRIL 10 - 13 2023

## **"TRUST YOUR DREAMS NOT YOUR FEARS"**

This course is an online ZOOM based class & designed for any fire service personnel looking to take that next step in the promotional process to become a Fire Engineer.

The course will cover preparing for the job of Fire Engineer. We will cover driving responsibilities, daily pre-trip inspections, legalities, hydraulics, pumping scenarios, unit positioning, engine & pump systems, troubleshooting, training aids, and written / mock interview preparation.

We will assist you with understanding what it takes to move from the back seat to the front seat and give you the tools to be successful.

**Chris Adams**

Retired Captain RFD
